SPECIALE INTERIOR DESIGN

prodotti@gmmultiservice2021.it

3925717274

1982 - 2021

“ Dalla Conchiglia si può capire il Mollusco,
dalla Casa... l’Inquilino. ”

Victor Hugo

I Nostri Pannelli 3D in gesso sono il miglior prodotto di design per i vostri ambienti, residenziali ed aziendali.

Totalmente Italgrafik Hand Made

100% Italiani, con una vasta gamma di prodotti... di sicuro potremmo soddisfare i vostri desideri con centinaia di modelli

RITIRO DIRETTAMENTE IN AZIENDA OPPURE SPEDIZIONE IN TUTTA ITALIA e EUROPA.

Con il nostro staff che ti seguirà in tutte le fasi... di progettazione, realizzazione e perché no...installazione.

Con misure alla mano degli ambienti da personalizzare, realizzeremo dei render per illustrarti il nostro lavoro.

Inviaci le misure della parete che vorresti ricoprire, scegli il modello che ti piace e ti invierò un preventivo con la quantità di pannelli che occorrono.

Rivestimenti per pareti e soffitti, ideali per essere installati in soggiorno, camera da letto, sale ricevimenti, ristoranti ecc...

I pannelli vengono forniti di color bianco ma una volta installati possono essere pitturati del colore che più piace.

Design made in italy (Prezzo riferito al singolo pannello, ci sono anche pannelli più economici) .

I pannelli 3D sono stati creati per realizzare rivestimenti decorativi di design che rendessero infinite le superfici, senza interruzioni o giunture. Le pareti in 3D stravolgono lo scenario consueto dei rivestimenti, lanciando un segnale importante al mondo dei contract e della progettazione.

La posa dei pannelli è semplice ed avviene mediante incollaggio (con stucco per gesso); stuccate le giunture le superfici assumono un aspetto fluido e continuativo. Le linee si esaltano con la luce, gli spessori si nascondono dando spazio alle ombre.

Con i pannelli 3D, le pareti semplicemente “parlano”.
